

Mp3 The Bombshells - Audio Wasteland

[DOWNLOAD HERE](#)

Explosive Punk Rock 13 MP3 Songs ROCK: Punk, ROCK: Hard Rock Details: The Bombshells-Audio Wasteland Two years after their self-titled release The Bombshells introduce "Audio Wasteland". Recorded in Los Angeles throughout the Summer of 2005. "Audio Wasteland" is an all original compilation of rock and roll influenced by aspects of punk of the 1970's to current. Consistent with the working-class attitude of keeping the weekend alive, The Bombshells have unleashed 13 songs that accomplish a weave of nothing left to loose vocals, sweetly viscous guitar attacks and sucker punch drumming. With a liking towards The MC5, New York Dolls, Sex Pistols, Clash and The Ramones. "Audio Wasteland" is meant to be played with a twisted grin and the volume turned to 11.
