From contemporary to calypso, pop to rock, and swing to lullaby, there's something for everyone on this album of original music. We bet even you adults can't stop singing along after you've listened to it just once. And, it's great for car rides, too. 16 MP3 Songs KIDS/FAMILY: Kid Friendly, KIDS/FAMILY: General Children's Music Details: Songwriters Bernadette Kramer Sandy Martin took a new, fresh approach to bringing a message of kindness, good will, and strength of character to people of all ages. Their intention in writing an album of Christian music - My Friend God - was to find an upbeat way to communicate family-oriented values to today's children and families. My Friend God was awarded The Dove Foundation's Family Seal of Approval. This recognition certifies that the album contains music that family members can enjoy together with confidence. There's been international recognition of the album as well. The music can be heard playing in homes, in schools, in churches, and even on short-wave radio, with audiences in North Central America, Europe, Africa, Guam, and the Caribbean! After the launch of My Friend God, the songwriters split off into separate directions. Bernadette Kramer held onto tinyseed music, the publishing company of My Friend God, and is continuing on with her initial plan of bringing music to young listeners about strength of character, the importance of our heritage, the role we all play in our natural environment, and how we each can - and do - make a difference in each others' lives. The company's website at tinyseedmusic is undergoing a complete re-write which will soon reflect this refocusing, and expansion, of goals.
