

Brassinosteroids: A Class Of Plant Hormone

[DOWNLOAD HERE](#)

The entire range of the developmental processes in plants is regulated by a shift in the hormonal concentration, tissue sensitivity and their interaction with the factors operating around them. Out of the recognized hormones, attention has largely been focused on five - Auxins, Gibberellins, Cytokinin, Absciscic acid and Ethylene. However, the information about the most recent group of phytohormone (Brassinosteroids) has been incorporated in this book. This volume includes a selection of newly written, integrated, illustrated reviews describing our knowledge of Brassinosteroids and aims to describe them at the present time. Various chapters incorporate both theoretical and practical aspects and may serve as baseline information for future researches through which significant developments are possible. This book will be useful to the students, teachers and researchers, both in universities and research institutes, especially in relation to biological and agricultural sciences. EAN/ISBN : 9789400701892 Publisher(s): Springer Netherlands, Springer Science & Business Media Discussed keywords: Pflanzenhormon Format: ePub/PDF Author(s): Hayat, Shamsul - Ahmad, Aqil
