Your mum will love this. Big dark pianos played by an insanely thoughtful, classically trained musician having an almighty fight with the melodies of a resolute pop kid - pop won, maybe 13 MP3 Songs in this album (50:24) ! Related styles: POP: Pop/Rock, ROCK: Adult Alternative Pop/Rock Details: As many a hardworking cover band will testify, you can only play Wonderwall at so many wedding receptions before the urge to create a unique sound of your own takes over. And, so it was that three musicians finally decided to leave the vol-au-vents and matching waistcoats behind and create something more personal. After an intense period of writing new songs began to emerge, combining the experimental tastes of Ian and the catchy melodies of Adams pop roots. Avenues music displays a passion for the craft of songwriting and a desire continually to push the boundaries, resulting in a full, dark sound with a colourful splash of classic pop. Its clearly a recipe for success. Following a yearlong UK tour last year, taking in venues such as The Troubadour, Leeds Cockpit and Manchesters Night Day, the band returned home in triumphant style with a storming Derby gig. Work began straight away on the debut album, on which the band enlisted the help of Matt Ellis (Eternal, Louise, The Glitteratti, Lost Alone). With the album now complete, Avenues are hard at work adding the finishing touches to their summer 2007 shows, which will feature new songs, new band members and undoubtedly a few surprises. As Ian says We dont have a plan for Avenues. Wed rather take a few chances, see what happens. Things are going great right now, and were looking forward to going where the music takes us. We just love writing and playing together. For us, thats the most important thing. With a fan base growing every day and more new, innovative music on the way, one thing is certain. The road ahead looks bright for Avenues
