Hard-edged power-pop 14 MP3 Songs POP: Power Pop, POP: 60's Pop Details: (Import) Originally released in 1990, this was the final full-length album The Cheepskates would record. More eclectic than any of their previous efforts, the song styles range from the frenetic "Sorry" to the straight-ahead (and funny) pop of "Bear Down" to the fractured blues of "Watch Her Go" to the resignation of "How Long Can It Rain". Some of their best material (and that is indeed saying something) mixed in with some of their most puzzling, this CD is uneven and (ultimately) quite fascinating. Give a listen to some of these tracks and see for yourself.
