He loves a hook...and believes that great melodies and harmonies make the world go 'round. Mr. James began his music career at the age of 2, beating the crap out of pots and pans on the kitchen floor. He became the drummer of his first rock band when he was in the 5th grade. Fast forward to the present...and somewhere along the way, Ed earned degree in music, released several solo records, and has been featured on more than 2 dozen compilation and tribute CDs. Also, you may have recently heard Ed's songs on NBC, VH1, and MTV. "Ed James...in the 21st Century" is his brand-new solo record. Ed's songwriting style is heavily inspired by his heroes, The PSWS - Perfect Song Writers Society: the Beatles, Jellyfish, Fountains Of Wayne, Jason Falkner, and Roger Joseph Manning, Jr. Also a dynamic live performer, Ed has thrilled audiences at International Pop Overthrow music festivals in Los Angeles, New York, Chicago, and Philadelphia, as well as Sparklefest, a NC-based rock music event.
