Kathy Parsons: Concert for Civilization is a very stirring musical work of art that combines classical, new age, and ambient stylings in a deeply personal way. Recommended .' 11 MP3 Songs NEW AGE: New Age, CLASSICAL: New Age Details: Kathy Parsons (solopianopublications.com): '...an open and heartfelt dialog with the piano (...) A fluid, dreamlike quality is present in all of the music Concert for Civilization is a very stirring musical work of art that combines classical, new age, and ambient stylings in a deeply personal way. Recommended!...' ----- In spite of my rapid deterioration from the Pompe Disease, most of the time my fingers and muscles still enable me to play the piano. (...) I hope that this music will reverberate in places where people will and can hear it for a long time to come. This is my personal way to face and accept the present situation".(...) Dear Maryze, you have been receiving Myozyme for more than a year now, I see you are improving. I hope the drug comes into reach for all patients soon. A matter of Civilization, I think, see the title of my concert. Johan, dec. 2005
