Think "God Only Knows" sideways with Golden harmonies galore. The great Laura Nyros influence is also apparent. 2)ROUNDABOUT - A perfect Wislon/Bacharach combination. Jazzy and cool! 3)JUST FRIENDS - Verrrry "Something Anything" Todd Rundgren. A favorite album always. Carol King Too! 4)TIME - Solo John Lennonish with dreamy Lindsey Buckingham REM like guitar all over the place. 5)TURN U AROUND - From the Byrds, The Band, Neil Young, Buffalo Springfield part of my brain. More soaring harmonies. 6)Big Change - Funky Motownish Steely Dan sounding with a touch of Beatles and a lot of Carol King. 7)Be Here Now - Totally Laura Nyro. A bouncy shuffle of a song about the cosmic wonders of meditation. 8)Slow Groove Cats - Something a little different with a hip hop beat. 9)COOL ONES - If you want to know what the Latin Beach Boys would sound like check out this one. 10)Together Now - Lindsey Buckingham fused with Bossa Nova type pop.
