Many different emotions and musical expressions are used in this album...The epitome of Soul, Rhythm and Hip Hop, yet sweet and mellow so everyone can enjoy. 14 MP3 Songs HIP HOP/RAP: West Coast Rap, POP: Today's Top 40 Details: Hello again,...I am told that I am the most published independent recording artist in the world...Cool!!! I've got a lot to say, so lyrics are easy to come by. For my fans, thank you very much for your support...I've got about three thousand more songs to share with you so there will be much more music to come. My first musical offering on this album is entitled "Halloween"...It is uptempo with interestingly fresh background music and I am sure you will enjoy it...I hope I don't seem too formal as I write this...I am speaking to you personally, the people who buy my music...I don't want to give you the impression that I am stuck up or hard to talk to...I'm a regular guy just like you! I enjoy doing what I do...I think I've made this point abundantly clear in my previous descriptions of album contents. If I editorialize sometimes it is because I have been trained in the art of journalism...I love reading the paper! First, I enjoy gathering information and gaining knowledge and secondly, I like proof-reading the articles for their mistakes...This only proves that the people who wrote these important stories are human, JUST LIKE YOU!!!! This is why the world is so beautiful! We are all the same. We have so many things in common, especially the fact that not one of us can make it all alone. The songs "Lover's Paradise", "Juanita", "Blame It On Love", "You Are The World To Me" and "Its Unheard Of" put emphasis on the fact that we'd be lost without that special someone...After all...where would songwriters be without love...I say we'd basically be out of business! "I Started To Smoke" is the story of how we learn most of our bad habits from our parents. Strangely enough, the song is not entirely about me. My parents gave me fairly good examples...I don't smoke, drink or do drugs mainly because (as the song says), "When I was three, my father let me puff a Camel with no filter, and followed it with straight Scotch and there was no thrill

there". That was all I needed for all of my Life...My father didn't want me to smoke because it is unhealthy...so, he exposed me to it at an early age and it tasted nasty, so I have never touched it again...If you know someone who smokes (as everyone does) ask them to quit...When they resist, tell them..."Everyone quits smoking eventually...It is better to quit voluntarily rather than be forced to quit by Death!" My 'Greatest Of Greatest Of The Greatest Hits Ever' (you get the idea) will be available in stores and on the internet soon. Be the best that you can be! So many people settle for less than who they really are...Don't Do That!!!You can do anything you want to do...Whatever you aspire to...is highly possible...allyou have to do is Believe!!!Your Mind is a Dream Machine,...but it doesn't just Conceive the idea, it also Manifests (creates the physical, visual, real version of) The Dream...Whatever you think is real,...so Think positively and get whatever you Desire.
