

Nikita's Plan - Stephen Kenner

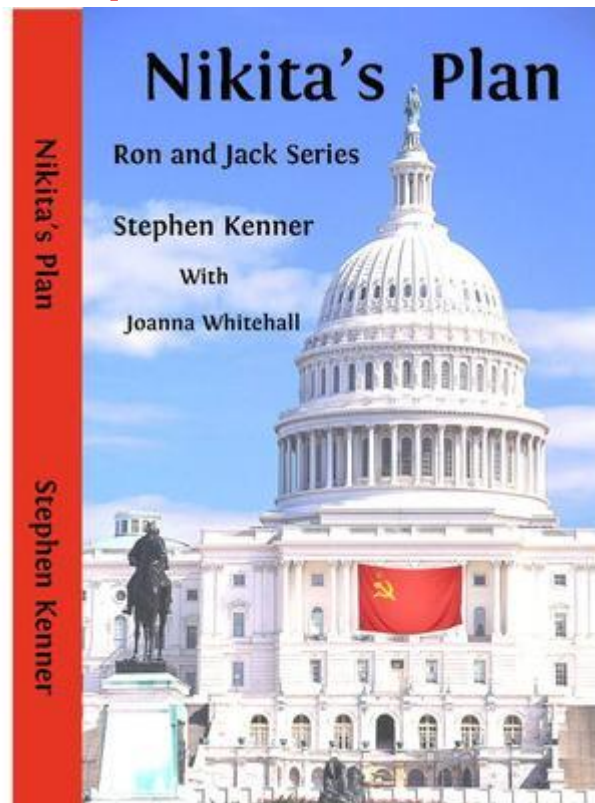

Said to Michael Medved. "I read this book in one flight from L.A. to New York. You have got to read it. Congratulations Steve on your first book."
-Mike Gallagher, National Radio Talk Show Host

"My kind of read. A great story of great importance. A must read."
-Major General Paul E. Vallely, U.S. Army (Ret.)

"Your book has some amazing insights and showcases many realities and possibilities that should serve as a wake up call for our state and country."
-Chuck DeVore, California Assemblyman, Running for U.S. Senate 2010

"Nakita's Plan is riveting from beginning to end. I regularly recommend books to friends and colleagues - I would say other than your bible, this is the must-read book for 2009. Kenner opens the book challenging us to consider, "How could we have been so self involved that we elected persons of immoral character, persons who put their personal power and greed above the good of the nation?...We've learned to stick our heads in the sand and let others take care of everything. We have all been brainwashed by the slobbery me, me, me mentality where we want everything done for us." The story is intriguing and makes the book a fast read with characters we can all identify with. The book ends with a real action plan WE can take as Americans, if we determine it's time to leave complacency, remember our federalist roots, and adopt a practice of true accountability."
-Dr. Mel Jurado, (Tampa, Florida)

"I really enjoyed reading it. I found it to be very thought provoking - I encourage you to read it."
-Dr. Tom Hill,
Founder of the Eagle Institute
