The music is jubilant, and thoroughly enjoyable. 8 MP3 Songs JAZZ: Acid Jazz, JAZZ: Latin Jazz Details: UNITY, Vibrations In Time: In 1972 Byron Morris, Gerald Wise, and Vincent McEwan formed Unity as an environment in which they could freely explore their musical interest. The band quickly expanded to include bass, drums, piano, sax, trumpet, and the vocals of Jay Clayton. Throughout the decade, Unity performed live and released two phenomenal records, BLOW THRU YOUR MIND and VIBRATIONS, THEMES SERENADES. The music is of it's time (funky, rebellious, wildly exploratory, communal), but avoids slipping into fusion. Now the best of both records is available in CD form. These sessions have a deliciously warm feel, both sonically and vibe-wise. Once you've heard them, you'll wish you could find more of Unity. Morris, Wise, McEwan, Clayton, Mike Kull, Frank Clayton, Abdush Shahid. This 1994 compilation CD release features the seminal Unity Band. The music covers the original Unity group recordings:"BLOW THRU YOUR MIND"(1974) and "VIBRATIONS, THEMES SERENADES"(1979). Cathy Austin/Jazz Director/KZSU-FM: "The Music presented here is much like the musical organization in which it is a part--Unity. It's strong and positive music. Pick up your feet, get off your butt and groove, open your mind, lay back a while and let The Music transcend your mind." Cadence magazine:"The music is Jubilant!" JazzTimes magazine: "The music is rich, expressive, and beautiful." The Paris Jazz magazine: "The music of Unity has fantastic originality!" Coda magazine: "This compilation disk of two earlier Unity LPs is well worth hearing, and having in your collection." The Swing Journal magazine of Japan: "Unity, achieves an independence and perfection in its sound." CALL NOW! TO BUY THIS CD BY CREDIT OR DEBIT CARD, CALL 1-800-289-6923.
