Twenty four of the most requested songs at the carousel are found on this recording, and they begin with the ringing of the bell that starts each carousel ride. Fox-trots, one-steps, and two-steps, each melody captures the spirit of days gone by. 25 MP3 Songs POP: 50's Pop, KIDS/FAMILY: Kid Friendly Details: Sit back in the bright red Adirondack rocking chairs and let the sounds of summer surround you. Just like Carousel Breezes, this recording includes an oversized insert with additional photos, another original carousel painting on the cover (courtesy of artist Diane Luke), and information about the historic band organ. Sadly, the same breezes that sent the happy music over Lake Ontario also fueled the tragic fire that destroyed the historic carousel and band organ on March 31, 1994. A special notation about the fire is included in this volume's insert. Not all of the special wooden horses were lost, fortunately, and in June 1996, they happily joined a complete set of new carved wooden horses on a brand new carousel at Seabreeze Park. These majestic works of art are now accompanied by a new band organ playing the 165 rolls which was recorded for the Carousel Memories CD.
