***** "Danya River is more than anyone should expect. Her lyrics are honey wine and her vocals are pure gold. Her new album Within/Without should be in anyone's collection." -Femmusic Magazine "...slow and sensuously earthy lyrics...smooth creamy voice...this is the CD to have on a Sunday Morning. Her CD feels like a massage for the mind. " -San Francisco Art Magazine "One of the most interesting singer-songwriters I've heard lately...intelligent, thoughtful, well-written lyrics, with good use of metaphor and an attentive eye for detail. Her songs remind me of some of the better work of artists like Joni Mitchell and Shawn Colvin...add to this her skillful guitar work, a warm voice that stays with you long after the show is over, a delicious debut CD that you'll keep on repeat for hours, and you have a young artist who has quickly created a buzz in the Bay Area." -Bay Area Bunch (BAB) News
