Fresh Acoustic Rock That Will Move You. 13 MP3 Songs ROCK: Acoustic, ROCK: Folk Rock Details: The first song on the CD, "These Are The Good Times" will be heard in the upcoming feature-length independent film, "Larry's Home Video." The film is produced and directed by Scott Caseley and is scheduled to premiere in Fall 2005. "Shades of Dave" contains 13 fresh and honest folk rock songs that will move you. Often compared to Tom Petty and Bob Dylan, Dave King's acoustic rock is "real" and not over-produced. This CD will please your ears, not assault them! Listening to "Shades of Dave" is like watching a favorite movie or settling down with a good book. The solid songwriting and musicianship on this CD will make you feel "at home." If you enjoy the poignant and personal lyrics of Jackson Browne and the rootsy sound of Neil Young, then this is the CD for you! The CD features Dave's vocals and acoustic guitar accompanied by a host of other instruments - all played by Dave! "Shades of Dave" has received airplay on radio stations WSHU-FM, WPKN-FM, WMNR-FM, Y105-FM and I95-FM. Dave has also appeared on television on The Guitar Show and Time Out. Dave comments, "It's an album I can really be proud of. The songs cover a lot of ground, yet work very well together to create a complete musical work that keeps the listener entertained from start to finish. Not surprisingly, "Shades of Dave" has received wonderful reviews. Y105-FM's Joe Limardi said, "I loved it as soon as I heard it." And J-Sin of the Smotherweb site said, "I like that he doesn't rely on studio trickery to encompass a raw sound-instead it comes naturally and makes his acoustic rock style absolutely essential." After just one listen, "Shades of Dave" will have you coming back for more. And you'll be turning your friends on to it too! It's not the same old thing you hear on the radio every day. "Shades of Dave" contains fresh new acoustic rock that you'll WANT to listen to again and again.
