Fragment37 is high energy, mathematical, experimental jazz-rock-fusion with a touch of every other style.

15 MP3 Songs JAZZ: Jazz Fusion, ROCK: Math Rock Details: If you can decipher the following (or are at least interested in trying), then Fragment37 is a band that you can relate to:

===== \*\*\*\* \*\*\*\* \*\*\*\*\* \*\* \*\* \*\*\*\*\* ===== While you try to figure that out, listen to the diverse. all instrumental sounds of Fragment37, which range from straight-up jazz to heavy metal to funk. ABOUT THE BAND Fragment37 started years ago in Rockville, Maryland when Daniel brought together the two Jon's for a quick jam session. The synergy was instant and soon thereafter they were writing songs together. Months after that, Fragment37 was performing at some of DC's finest (and, er, not-so-finest). Not necessarily known for showmanship, the band floored audiences with their precision and musicianship. Their impact was no more evident than when they were voted the Second Best Instrumental Band in the DC/Baltimore/Philly region by the Music Monthly Magazine Readers Poll. After a brief hiatus, Fragment37 is now revived! In addition to hitting the live circuit again, they have just released their long-awaited CD, Kitchen Sink.
