Not is Folk typical... rather is Asturgalic music, of strong Atlantic component and NeoRomntic, produced in the style of right now. We hoped that musical ours trabayo acts like BRIDGE between two times of the Asturian Culture". It is a disc done in nonsingle Asturias for single Asturian@s,no for lovers of the Folk, and not only for minors of 40 years. It contains fast pieces and slow and diverse colorful musical comedies Y if of colors we spoke the green one and the blue one is a constant in him. Ye a varied disc. There are Sonorous Mueiras, Jotas, Pasacalles and Bandas that evoke scenes and landscapes in the Imagination... also some small "Spiritual Target".. ... breaking lances. for authentically human a human development. Gueta na Fonte (Search in the Source), they are of which think that another world (better) ye possible and this note about music which they do. more info:
