Fourteen songs about politicians, news reporters and celebrities. 14 MP3 Songs POP: Delicate, FOLK: Political Show all album songs: Papa Razzi and the Photogs Get Political Songs Details: Papa Razzi is back! And he's gone all political on us! And it's great! This latest album from Papa Razzi and the Photogs features some fine odes to politicians such as Dennis Kucinich and Buddy Cianci. Rest easy, though. Fans of Papa Razzi's first album will be pleased to know that there are also plenty of tunes dedicated to plain old celebrities who have nothing to do with the political process. This is the greatest album ever recorded (until the one the Papa Razzi does with Britney Spears, at least). Long live Papa Razzi and the Photogs!
