A collection of sexy, Steamy and DIRTY stories reminiscent of the great sleazy pulps from the 50's and 60's. A MUST HAVE for smooth swingers. 9 MP3 Songs SPOKEN WORD: Comedy, SPOKEN WORD: Audiobook Details: PODGASMIC is written, performed and created by the multi-talented artists, E. R. Flynn and Debra "Babycakes" Rapoport. "PODGASMIC: AROUSE YOUR PLEASURE CENTERS" is a collection of erotic stories originally written and produced as mp3 love letters sent by E.R to his beloved Babycakes while they were on opposite coasts during one long cold winter. Eventually these stories evolved into "the Rubberroom Erotic Podgasmic Podcast" which was enjoyed by not just the beautiful but lonely Babycakes, but by several thousand other people! Shortly after the frigid winter snows melted into spring, E.R. and Babycakes were joyfully reunited. They then set upon recreating their erotic interludes in full and sexy stereophonic sound to bring laughter to lovers and help comfort the forlorn. So please enjoy these stories with your mate or mates (whatever your lifestyle may be), be they near or far. We hope they make you burst out in laughter, or get turned on, or both. "PODGASMIC: AROUSE YOUR PLEASURE CENTERS" features quirky and wild Straight action, however to our Gay friends we say "have patience". Currently we are at work on both Gay and Lesbian PODGASMIC albums, due out in 2006.
