Details: The Woodlands craft songs of lyrical poetry, lush melody, and intelligent simplicity. Their intimate indie folk-pop conjures faraway lands and the longing of lovers, in a timeless dance of imagery that explores the shadows of tragedy and the glisten of magical realism. Hannahs hushed voice conveys both mirth and melancholy, tempered and surrounded by Samuels melodic instrumentation. They till the soil of their souls and reap honest songs of shimmering beauty. Their 2009 debut album was recorded and produced by Samuel Hannah in their apartment, true to their intent of capturing intimate songs of simple complexity that sound professionally homemade. Theirs are songs of longings and musings and daydreams that delicately embrace the blurred borders between heartbeat and heartache. Together they travel the byways of one anothers souls, searching and listening for words and sounds with which to share what they find. The album has been awaited with much anticipation, and with its release The Woodlands are set to embark as husband, wife and songlings on the voyage forthcoming. I dig your music. --Chris Funk, The Decemberists The music sounds lovely! I will keep an eye out for you! --Catherine Feeny, The Hotel Caf Tour The truth is, the music you two are creating has this sheer fragile beauty to it that Ive only heard from a few others. --Greg The Woodlands music is hauntingly imbued with a timeless quality. --Kyle Jablonski Hannah and Samuel of The Woodlands invite you into an idyllic world of warmth and inherent goodness. The deceptively simple sound, the lyrics, and the texture in Hannahs voice combine to show the truth in the dictum Less Is More. Their music is so attracting you will want to place another log on the fire and be as one in their world.
