Details: Dear People who love to laugh and enjoy life, Once upon a time in a sleepy South Minneapolis neighborhood there lived three lovely ladies. Their lives were happy, busy and filled with activities of home, church and community each with her own family and career. One day, one of the three ladies woke up with a passionate desire to wear leopard and write songs and write songs she did. Then she called her two friends, and together they sang, they ate, they laughed, and they ate some more. After many weeks of singing, eating and laughing, the WILDKATS! were ready. These ladies love to perform for parties, luncheons, reunions and conventions or basically, anywhere there is food. We sing original, comedy tunes that tickle your fancy. There might be about two songs total in all of our recordings that could be rated PG 13 - and we think you will enjoy them - otherwise we are harmless broads. We have a whee of a time together - in practice, performing and in our social lives. The WILDKATS! journeyed together to Spain in 2004 and will be enjoying a trip to France in 2006. The 'KATS! travel well together and always come back laughing and as best friends. We all like to cook, garden, read and entertain friends. So now the WILDKATS! have three CDs and a book coming out in 2006. Check out our website: wildkatsand watch for new shows, publications and recordings that will be posted on the web site. ...and have a good laugh today - it's good for your health. Sincerely, The WILDKATS! Liz Ranes, LaDonna Rose, Vonnie Valdez
