The time wasn't too long ago when I was trying to find a way to get some really good traffic that converted well for me (converted means turns a surfer into a customer). You name it, I tried it. Mailing lists, newsletters, viral stuff, social networking, blogging, etc... I mean sure it did get me some traffic but it just wasn't cutting it so I knew there had to be a better (and cheaper) way. I was correct. There is a better (and cheaper) way to get targeted traffic that converts well for free. First I thought it was PPC (Pay-Per-Click) but it wasn't.
