The International Encyclopedia of Hospitality Management is the definitive reference work for any individual studying or working in the hospitality industry. This new edition updates and significantly revises 25 of the entries and has an additional 20 new entries. New online material makes it the most up-to-date and accessible Hospitality Management encyclopedia on the market. .. It covers all of the relevant issues in the field of hospitality management from both a sectoral level: Lodging, Restaurants/Food service, Time-share, Clubs and Events as well as a functional one: Accounting Finance, Marketing, Strategic Management, Human Resources, Information Technology and Facilities Management ... Its unique user-friendly structure enables readers to find exactly the information they require at a glance; whether they require broad detail which takes a more crosssectional view across each subject field, or more focused information which looks closely at specific topics and issues within the hospitality industry today.
