More a compositional ensemble than a genre-derived group, the DU UY Quintets identity is found within the stylistic interplay of the musicians rather than a pre-defined style of music. This allows the DU UY Quintet the compositional freedom to write and perform music of varying styles (funk, boleros, jazz, electronica, drum and bass, samba, rock, cha cha, bossa nova, and who knows what else) yet still retain a strong, identifiable group sound. The DU UY Quintets shows provide head-turning music for audience members just discovering the group, and new and evolving compositions for repeat listeners. The DU UY Quintet is based out of San Francisco, and can be found in some of the hippest venues in the bay area and beyond. Additionally, all the musicians have been and are currently performing with some of the most exciting groups in the area.
