This debut EP has been born out of the need to create. When you are blessed with creativity, then create you must. Each moment of inspiration is like a special gift to be fashioned and moulded. After receiving a great deal of positive feedback from my live performances I have brought together this collection of songs to you. Influences from my childhood days when my parents would play their old Ska and Reggae records and we would all dance in the middle of the front room, to watching and singing along to Top Of The Pops. Esta started off her career serving her apprenticeship with award winning jazz exponent, Cleveland Watkiss and went on to become a session singer then spent many years singing on the Gospel circuit. Esta was honoured to be chosen by Marc Mac of 4Hero as the voice to feature in a project by the President of Black Jazz Records, James Hardge, to re-issue their back catalogue. Esta had the privilege of re-recording 'Revelation' and 'Peace' originally sung by award winning R&B recording artist Jean Carn, one of Esta's greatest influences.
