

Mp3 Evan Marshall - The Long Way Home Ep

[DOWNLOAD HERE](#)

Genuine Americana storytelling, ranging in sound from Nashville to Austin and California. "Evan's songs are rich and dark, and his sweet voice pulls you into the stories he tells." - Martha Bassett, Musician of the Year 2006, Relish Magazine 5 MP3 Songs COUNTRY: Country Rock, FOLK: Modern Folk Details: Evan Marshalls The Long Way Home EP is a striking debut that will make new fans ask the question, Why havent I heard of him before? In the vein of Hank Williams, Bob Dylan, Joni Mitchell, Bruce Springsteen, Patti Griffin, Gillian Welch, and Ryan Adams Evans music blends the spirit of hard country with smooth, earthy vocals and the gravitas of folk storytelling. 2006 Musician of the year*, Martha Bassett, says of Evans music, the songs are rich and dark, and his sweet voice pulls you into the stories he tells. Growing up in the foothills of East Tennessee, Evan was steeped in the sounds of local mountain music as much as the commercial radio waves of nearby Nashville. Add to this a love of storytelling, from the tales heard round the hearth to the layered nuances of such great writers as Flannery OConnor and Mark Twain. The album is a walkthrough of country styles, from radio-friendly tracks to cuts filled with bluegrass, rock, and blues inflections. Give a listen to Evan Marshalls music, and let the sounds of hopeful longing, haunted heirlooms and quiet pathos wrap around you like a family quilt. Enjoy the music and feel free to support this up-and-coming singer-songwriter! *Relish Magazine
