Fun, poppy electronic music that sometimes also delves into house and techno styles. 7 MP3 Songs ELECTRONIC: Electronica, ELECTRONIC: Techno Details: Jeff is an electronic musician from Canada who apparently enjoys referring to himself in the third person (as this bio thingie clearly shows). His music is sometimes happy, sometimes sad, sometimes a little of both. A lot of house, electro, and down tempo has rubbed off on him over the years, impacting the music he writes. He also really likes the rock n' roll, so that genre has influenced him as well to a degree (at least in spirit). So, while bands like Daft Punk or Kraftwerk may come through as obvious influences on his music, don't rule out the likes of The Beatles or Led Zeppelin either. Jeff also has a keen interest in Japan, which has impacted the music that he writes.
