Dynamic mixture of classical, blues, and jazz solo piano in a new age genre. 11 MP3 Songs CLASSICAL: New Age, NEW AGE: New Age Details: Joseph Burnham's debut CD, Zaandam, is an 11-track odyssey through the realm of new age music. An eclectic mixture of classical, blues, and jazz solo piano in a new age genre, Zaandam takes the listener on an hour long journey across the spectrum of imagination and emotion. Inspired by the visual masterpieces of impressionists Claude Monet and Alfred Sisley, as well as the elegance of the Montana Wilderness, Zaandam is a far cry from the repetition and simplistic phrasings that often categorize new age music. From the intensity of a raging river to the soothing echoes of a quiet ocean sunset, Zaandam alternates between powerful, dynamic passages and calm, reflective melodies. If you're looking for background music, please look elsewhere. If you want to explore new avenues of vision and creativity in new age music, welcome to Zaandam!
