electronica/hard trance with guitars 10 MP3 Songs ELECTRONIC: Trance, ROCK: Instrumental Rock
Details: SinErgy: This CD has today's hottest trance, house, techno, breakbeats, and a touch of industrial edge. Trancey, guitar tones and effects with spiral, forward, backwards guitar lines like you have never heard before. Moody trippy melodies that will take you to another reality, while the thumpin' high energy will release enough adrenaline to make you pump and grind for days. Stylistically this is truly one of the first of its kind. Some of Joy's performance credits include Jessica Simpson (Sony), Jennifer Lopez (Sony), Joi (Universal), Nick Lachey (Universal), Angie Stone (Arista), and CoCo Lee (Sony). Joy has performed on award shows and several TV shows including Soul Train, Tonight Show, CBS Early show, Rosie O Donnell, Good Morning America, Carig Killborn, Last Call with Carson Dally, MTV's Newlyweds, The View, Disney Concert. Joy's funky rhythm chops and shredding guitar tricks have now made it on to nine CDs. Joy's solo music has been used by MTV for the show Undressed, by CBS for promoting 15 TV shows, and NBC for the series, Passions. Joy holds endorsements with ESP guitars, Morley pedals, Godin acoustic-synth guitars, Seymour Duncan pickups, and Dean Markley strings. Joy Basu has been featured in over 15 international magazines including Guitar One, Guitar Player and Guitar for the Practicing Musician and has recieved airplay U.S., Europe, and Japan.
