With the money-back guarantee, what have you got to lose? Just listen to what people are saying about "Deviant": "I think that the professional quality of this disc and the lyrics/songwriting are absolutely the strongest points. Using the backdrop of creative Urban dance beats, Saturn paints a picture full of raw human emotion! In the vein of Prince, he writes songs like (Flirt), (Make U Scream), (Boy 2 Boy), and (Deviant) that are sensual and erotic in nature, often pushing the limits to their very boundaries! Other tunes, like (They Don't Know) and (I'm Coming Out) are songs that depict the struggles and victories associated with the gay lifestyle. Deviant ... has more artistic merit than 90 of the music you will hear this year, and that is reason enough for me to hear what Saturn is communicating! Take a listen, and see if you don't agree!" -Mark Lush, Midwestbands.com, 7/21/05 "The more I listen to your CD, the better I like it. Urban, romantic, unabashedly gay, funny, serious, but universal experiences that could only be created by an urban, romantic, unabash.... and of course hot man. " - James Beau "His blunt lyrical seduction is as refreshing as the raw yet refined production of this release. From the dark and dirty drum kicks of "Saint" to the Neptune's sounding "Make You Scream," Saturn's solid and sultry voice will grab you by the you-know-whets and have you screaming in ecstasy." - Genna Pizza, Baltimore Gay Life "The subject matter is sexually liberating, ...the backing beat is fresh and professional" - Neufutur We're talking lyrics oozing with raw sexual energy, and rhythms that are so dark and hypnotic they had me touching myself without even realizing what I was doing. Not only does this naughty boy write,

compose, arrange and produce all his own music, but he's also a homegrown homo. Yup, that's right, this flavor unit is a proud resident of Baltimore. - Brian Pizza, Baltimore Gay Life "Like the musical love-child of a Prince/James Brown/Janet Jackson 3-way, Saturn combines soulful, gospel-influenced singing with his own brand of sexy (if not downright licentious), whispered-in-your-ear seductive rap come-ons. To experience this handsome rising star croon, rap, dance, vogue, charm and effervesce his way through a live concert is to witness perhaps the hardest-working gay man in show biz." - Robert Urban, AfterElton.com So, what are you waiting for?
