Alternative Hip Hop 12 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: Hip Hop Details: Sinthesis is the combined brain matter of musicians Phaust and Phingaz. This is the first collaboration the two have completed together. Phingaz is responsible for the divine mixing, mastering and production of the beats. Phaust is the mastermind behind the albums lyrical and vocal patterns. In creating "Product", Phaust and Phingaz completed an incredible concept album that has been lingering in both of their minds for years. The concept is an in depth look at questioning human existence. Each song beautifully flows into the next, as the main character of the story searches for his own path to follow in life. He is given the choice to follow one of three roads through life, each of which has been followed by every person before him. The conclusion he comes to is not exactly what the listener may think. It poses new questions while accepting the one big one...what is our meaning?
