From the contents: Corrosion Data Interpretation in Concrete Structures, by C. Andrade.- Pitfalls and Practical Implications in Durability Design of Reinforced Concrete Structures, by J. Gulikers.- Microstructure and durability of slag cement mortars hardened under different relative humidity conditions, by J.M. Ortega, I. Snchez and M.A. Climent.- Study of corrosion rate variability in indoor and outdoor specimens, by F. Pedrosa and C. Andrade.- From corrosion rate to accumulated corrosion depth or loss in cross section of reinforcements, by N. Rebolledo and C. Andrade.- Steel Corrosion in a Chloride Contaminated Concrete Pore Solution with Low Oxygen Availability, by L. Toro, C. Andrade, J. Fulla, I. Martnez, N. Rebolledo.- Application of risk analysis in structural engineering gas explosions, by Ramon Hingorani and Peter Tanner.- Hydrogen induced changes in structural properties of iron: Ab initio calculations, by A. Castedo, J. Sanchez, J. Fulla, C. Andrade, and P.L. de Andres.- Corrosion initiation and propagation in cracked concrete a literature review, by Jose Pacheco and Rob B. Polder.- Possibilities for improving corrosion protection of reinforced concrete by modified hydrotalcites a literature review, by Zhengxian Yang, Hartmut Fischer and Rob Polder.- Determination of the probable failure mechanisms and service life of offshore concrete gravity structures in the OSPAR Maritime Area - research proposal, by M.R. Jones, M. Newlands and C. Thistlethwaite.- Electrically accelerated transport of chlorides in concrete considering non-linear chloride binding in non-equilibrium conditions, by P. Spiesz and H.J.H. Brouwers.- Chloride binding related to hydration products -- Part I: Ordinary Portland Cement, by M.V.A. Marinescu, H.J.H. Brouwers.- Chloride ingress in cracked concrete -- a literature review, by Branko avija and Erik Schlangen.- Numerical simulation of reinforcement corrosion and protection in submerged hollow concrete structures, by Andrea Della Pergola, Federica Lollini, Elena Redaelli and Luca Bertolini.
