Are You Being Bullied? Dont Let Them Get Away With It - Get Revenge ... There may be no more humiliating and upsetting thing to happen to you than to be bullied. And yet almost everybody at one point or another has been bullied. When you think of bullies, we most often think of a schoolyard bully that beats up on a little girl in elementary school. But the truth is, bullies exist in every situation in every time of life. For example... Older youth experience bullies all the time in high school, even in social settings like youth groups or clubs. Bullies dont just victimize little girls. They prey on boys their age, even on people older than them if they can get away with it. Bullies are not always boys. Girls can be very cruel bullies to each other. And their bullying is not always physical. The social intimidation and belittling girls use on each other can be far more damaging than a shove in the hallway. Adults experience bullies too all the time. They often show up as our bosses at the work place. Or they might be a brother in law or someone in our social circle we just cant get away from. You can get immediate access to Bully Revenge at just \$7- but only if you act immediately!
