Instrumental funk, synthesizers, electronic piano, clavinet, hammond b3, acoustic drums, electric bass. 7 MP3 Songs JAZZ: Acid Jazz, URBAN/R&B: Funk Details: Adam Berzowski got his start in 1992 playing clubs, festivals and hotels in Milwaukee and Madison, WI. with instrumental group "Spinnakoepeal Jive". In 1994 the band recorded theme music for "Spectravisio On Cue with Jonathan Winters" which aired throughout the U.S.A., Mexico and Canada. In late 1997 Adam joined blues rock group "The Chris Aaron Band" later renamed "American Standard". The group featured singer Corey Sterling of Kenny Wayne Shepard fame as well as Bill Lordan of Robin Trower fame. American Standard disbanded in 2002. Since then Adam has been focussed on recording, and playing with a variety of groups from Atlantic City to Las Vegas and back home in the greater Milwaukee area with: The Don Moore Soultet, Reverser, Robert Allen Jr. Band (Zoot Suit Boogie), Solo Piano, The Tina Turner Show and Review, The Diamonds, Union, and Alpha Transit. Recordings from "The Chris Aaron Band/ American Standard and Reverser can be easily found if you do a google search on these titles.

..... Alpha Locomotive is Adam's current on going recording project. The music ranges in many different styles. There are currently two Alpha Locomotive cd's available "Little Grooves" and "Ride Control" and a third on the way. "Little Grooves" is basically just that: little grooves in a dirty funk. "Ride Control" is a much cleaner recording and the material is much more relaxed. The third cd, yet to be titled is predominantly swing, blues, gospel, and jazz. You can expect to hear acoustic piano, Hammond organ, just a touch of synthesizer, drums and bass. Quite a contrast from the last two recordings of Rhodes, Wurli, clav, analog synthesizers, drums and bass. The music is all performed NOT PROGRAMMED. These are real musicians playing and creating by hand. Performers on Alpha Locomotive recordings are: Adam Berzowski...keys Dave
