Original Swing Hybrid. It's Cole Porter meets the Beatles...It's Django Rheinhardt meets the Judds at Graceland.... 14 MP3 Songs JAZZ: Swing/Big Band, JAZZ: Dixieland Details: BACK BY POPULAR DEMAND! Volume 2 is our first recording and comes closest to representing the true essence of BadaBing. Plus, Volume 2 includes our most requested song: "That's What I Like About the North", a funny parody of what it's like for Northerners to live in the South! Delightful. Think up-to-date Andrews Sisters, complete with shimmying shoulderpads and saucy jazzbo attitude. Fiddle, trumpet and drumkit swing big time. Love, love, love this. Album is called "Volume II." You need this music in your life. Robert Oermann, Music Row Magazine ----- Mugavero puts his cards on the table in no uncertain terms with "That's What I Like About The North." (Braves' fans should skip that one.) The intricate harmonies of lead vocalists Maureen Mohr and Rebecca Sayre are, along with Mugavero's writing, the centerpiece of the album. And if you have the pleasure of seeing them live, you'll know it's not studio trickery. The ladies are tight. Hell, the whole band in tight. Their love of jazz is not confined just to the north, however. There are elements of New Orleans jazz and Dixieland rages here and there, with Dellaposta's muted trumpet leading the way. Neil Fagan, Performing Songwriter
