

# Mp3 BI Volume 1 - Electronic: House

[DOWNLOAD HERE](#)

Sorrounded by an industrial ambient: machinery, engines, and water, BL used those surrounding sounds to create the first volume of 6. In the first volume, House is the result of sampling experiments. 10 MP3 Songs ELECTRONIC: House, ELECTRONIC: Drum 'n Bass/Jungle Show all album songs: BL volume 1 Songs Details: BL is a Diesel mechanic, marine engineer and sound engineer. He started producing electronic music back in 1998 when for the first time he had a drum machine and the famous Rebirth software; with those instruments in hand, plus his imagination wich friends consider out of this planet, BL creates and uses his weird sounds as: people conversations, street sounds, electric motors, diesel engines and exhaust pipes from cars; tranforming them into sound effects to form part of the elements that complete his solo project: BL VOLUME 1. Dance and enjoy.
