KIDS/FAMILY: Lullabies, NEW AGE: Celtic New Age Details: A WORD ABOUT THE CREATORS Lu Sheets and Fev Pratt are both grandparents of "Golden Ones". They are past classroom educators and have coauthored many songs. Including childrens musicals. "By singing to their babies, research shows that parents will improve their babies health through better sleep patterns, weight gain, and ultimately brain growth." -- Lu Sheets WHY WE WROTE "GOLDEN ONES" With our grandchildren and great grandchildren arriving as Golden Ones (babies born on the eve or beginning of the New Millenium) it seemed natural for us to write some music and lyrics to celebrate their arrival. As first conceived, The Golden Ones was a message from Mother Nature. Then came the idea of developing a CD Kit so parents, grandparents, and others could create a special memory for their own little one. Both "The Golden Ones" and "The Rocking Chair Song" come with instructions to help you create your own personalized lullabies. You can also enjoy a 15 minute instrumental version of "The Golden Ones" as soothing music for sleep time. -- Lu Sheets and Fev Pratt
