A multi-genre soundscape built around a massive, grooving funk vibe, with all kinds of proto-classical, middle eastern, Soul, Rock, and Jazz undertones and influences. 25 MP3 Songs URBAN/R&B: Deep Funk, URBAN/R&B: Psychedelic Soul Show all album songs: The Sleaziest of the Greaze (Double Disc) Songs Details: The Sleaziest of The Greaze is an amazing story, a concept album of flesh and filth. It is set in the distant future, in a time when cyborgs, clones, and DNA filled creatures are controlled by the government for their own diabolical purposes. One particular cyborg, The Sleaziest of the Greaze, is the focus of the story, featuring a cast of amazing, and interesting characters, and great artwork by Nathan Boucher of BOZFONK MOOSICK's superb art direction team. This double disc is an amalgamation of styles and songs recorded by P-Funk keyboardist Danny Bedrosian (keys, production, lead and backup vocals, programming, etc) and Secret Army and P-Funk veterans Lige Curry (bass, vocals) Dewayne "Blackbyrd" Mcknight (guitar), and Rico Lewis (drums), as well as Soular System and Secret Army guitarist Mike Maloney, Asphalt Panda/Unfunkwittable/Secret Army/Red Flag hitchikers drummer Seth Ceders, Boston based guitarist for Secret Army, and Unfunkwittable Marc Munoz, and vocalist Teresa Jimenez. Also Feauted on this album is Moon Child Elise Bedrosian, members of Bedrosian's 18 piece New England based funk band Sweet Motha Child, George Clinton and members of Parliament-Funkadelic, Boston based hip hop programmer Jon Picken, Clinton's son George E. Clinton III, WEFUNK Records' Michael "Clip" Payne, Longtime P-Funk production manager, and former Starr Cullars guitarist Brett Grau, banjo player and leader of Asphalt Panda Duane Day, and the engineering prowess of Take you there Studios Dwayne Dungey, and the Sound Studio's Kevin Hogan Gary Agresti, as well as Bedrosian himself. This double disc fails to dissappoint, as each song represents a colorful,

important, quirky, eclectic, tight, vibrant, groove oriented, melodic, and perpetually imaginative world of music and sound. One tends to hear Bedrosian's penchant for variety, as R&B, Dance, Rock, Hip-Hop, Country, Classical, Psychedelia, Electronica, Blues, Dub, and World Music all get play here. There is not just something for everyone on this double album, but there is something for everyone in virtually every song. Everything from Sciene Fiction to Commercial Jingles to Time Travel, To historic Americana, To Bizarre Political Commentary, to Fantastial Mythology are included in this masterwork. Bedrosian's admittedly proudest work to date serves to challenge his first two outings, as well as his wealth of amazing collaborations with members of P-Funk, the Soular System, and others, as what can be easily claimed as one of the most ambitious projects in recent BOZFONK history. If you liked Som'n Fierce, Secret Army, or any of the other projects coming out of the BOZFONK camp, or if this is your first BOZFONK purchase, you will be amazed at the unbelievable scope of musicianship and conceptual artistry exuded by Bedrosian, Curry, Munoz, McKnight, Maloney, Jimenez, Ceders, Lewis, and all the rest. SLEAZIEST OF THE GREAZE Is coming to move your mind, body, and BOOTY. Come take the ride.....before it takes you. Review by Tigran Hovanesian
