laylarecords.com This new Cd from Dean picks up on the interest from his last one. Radio stations across the Southwestern U.S.A. around the globe are playing it. Many professionals in the music industry are raving about it! People just seem to get a kick from this CD. Dean's first CD was on top of the charts on the internet (mp3.com/texmex). He also recieved much radio airplay, is on compilations and has a big prison following. (Jail for Christmas) With this new CD he hopes to broaden his audience. Especially the Tejano, Tex Mex crowd. Although there are other styles on it too. Like Pop, Rock, Country Folk. It's already on top of the charts at mp3.com/texmex. He is doing live shows both with a great band and solo.
