Alt-Country to Southern Punk 12 MP3 Songs COUNTRY: Country Rock, ROCK: Americana Details: This is the second release from Mississippi's southern rockers, goodmanCOUNTRY. This CD demonstrates their diversity, from acoustic alt-country ballads to in-your-face Southern punk--but mostly it is just good rock-n-roll. The cut "Anarchy in the Southern States" was featured in SPIN Magazine's Essential Mix (November 2005). The Americana UK website says of DEAD ENDS TRANSITS: "And how Goodman County moves on, Anarchy in the Southern States picks up the cudgel laid down by the Sex Pistols and beats the banal and the mundane to death with it. It is as deafening an answer to corporate rock in the USA as Sweet Home Alabama was to Neil Young's Southern Man." What other folks have to say about goodmanCOUNTRY: ".good alt-country make you wanna drink whiskey and find your best girl music." Dave Carner ashesandwater.com ".the new album flows like beer on a warm night, with the loud, melodious crash of bottles every few songs bringing the listener out of a soulful withdrawal." Jessica Kinnison Jackson Free Press ".a band just trying to make some rock 'n' roll, a band that is true." Jackson Free Press "[Crown of Tin] sounds like They Might Be Giants doing an Uncle Tupelo song..." Brad Clark from Buffalo Nickel "They're just too damn loud and fast." Maw-Maw and Byrd "...a band that is as willing to experiment with new sounds as it adheres to its country-rock influences." The Planet Weekly
