A vocal powerhouse with an edgy, soulful sound. 10 MP3 Songs URBAN/R&B: R&B Pop Crossover, POP: Today's Top 40 Details: The first word that springs to mind when you encounter Kala is passionate. Its hard to believe that such a deep, soulful voice can come from this little 52 blonde girl, born and raised in Nebraska. Her palpable emotion seeps through every song on her self-titled debut album. Everything about this 26-year-old is passionate. Kalas desire to be a performing artist began when she was in High school. Being heavily inspired by R&B, hip-hop, pop, and gospel music, she developed a love for anything that grooved. Some of her biggest influences are artists such as Lauryn Hill, Marc Broussard, India Arie, Mary J. Blige, Alana Davis, Coldplay, Sergio Mendes, Cece Winans, and Natalie Grant. From a very young age through her college years, Kala had multiple successes and opportunities in both recording and performing a variety of styles of music in places such as small clubs all the way to arenas. Being a versatile singer allowed her to both expand her singing ability and learn to appreciate many genres of music. In the pursuit of her first solo record, Kala decided that is was finally time to lay down her heart and soul through her own passionate words and soulful, edgy music. Everything written on this record is straight from my heart. I felt compelled to write from both my personal life and also the lives that I am surrounded by. We all have a common thread of pain in our livessome more than othersbut I also believe there is always an option to choose hope regardless of who you are or what circumstances you come from.
