Folk Rock with a positive message. 12 MP3 Songs FOLK: Folk Pop, FOLK: Modern Folk Details: "Well, I sing because i've been given a voice, and what are gifts if they're tucked away in a corner and forgotten about? That surely wouldnt please the Giver...and my hearts desire is to please Him. Soo, thats the "why" of my music. Now for the "what". It maybe goes without saying that I consider all of my songs "Christian". Songs have no soul to be saved, but they do all come from a soul and are written, sometimes in quite a roundabout way, to its Master. Is that fair? I could also tell you that I sing about the journey that is uniquely my own, but universal nonetheless. All these words and melodies that I call mine are out of my own longings, dreams and heartache. My own hopes and my own mistakes, but I hope that youll find something here that resonates in your own heart, maybe some of the things that you too will encounter on your own journey... " Liana Bumstead.
