Details: Lost Souljaz consists of three members; ASN, Griffix (AKA Will AKA Billy Deeze) Cylence (P). The group started as the Snipaz which originally consisted of ASN, Griffix and super-producer J. Cardim (who has now produced for such artists as AZ, Noreaga, ODB, Saigon and many more) in the elementary school days. They would freestyle all week after school and on the weekend. Videos, 4-tracks, etc. J then moved to Brazil separating the Snipaz which then became known as LSD (Lyrical Snipa Dawgz) with their debut 'Permanent High' in ASN Griffix's Freshman year of High School. Separated once again, Griffix went on to do his thing, ASN put together many solo albums between then and their reunion about five years later, when Griffix, ASN, Cylence became known as the Lost Souljaz. Cylence made an appearance only in a verse long interlude over the phone due to his incarceration during the time the album was recorded. During this time ASN had his first son. Shortly after Cylence's release, ASN was sent away to serve one year of a two and a half year sentence. Cylence and Griffix were to put out the 60+ songs they had recorded but life got in the way. Through out ASN's sentence, Cylence was in and out of jail. Griffix went to an Upstate New York rehab to battle an addiction. Cylence has also recently had a child and is still fighting his drug addiction. ASN is trying to do the right thing by his family and still continue to pursue his dream. Griffix is still MCing out of Connecticut. There does not seem to be hope in sight for a reunion, but no name could be more appropriate for this group than Lost Souljaz. Magic was made in the time they were together and thank God it was able to be immortalized. ASN is due for a solo release this winter with tracks from J. Cardim, up and coming producers Micide Mike B., Eddy Bones of the Skitz and more.
