Enjoy thoughtful and stirring melodies. 12 MP3 Songs EASY LISTENING: Adult contemporary, SPIRITUAL: Contemporary Christian Details: I always enjoy songs that remind you to enjoy and embrace life and fate. I had many influences by songs-with-a-message starting with the Beatles, Carole King, Phoebe Snow, Carly Simon, Patsy Cline Karen Carpenter. I began appreciating Jazz with BB King, and the Glen Miller band. My natural father who died in 1985, Sam Anglin was a jazz piano player and introduced me to theory and harmony. I choose guitar and voice as my instruments and began writing and singing when I was 18. When I came to have faith in Christ Jesus, Yashua, I began being influenced by other Christian Artists: Scott Wesley Brown, Degarmo and Key, Larry Norman, Lamb, Lenny LeBlanc, Michael W. Smith, Amy Grant, Pat Terry Twila Paris. I also enjoy Sarah McClaughlin, Martina McBride, Emmylou Harris, Ella Fitzgerald, The Eagles recently, Jack Johnson. I thank God for this gift, which I enjoy so much and I look forward to many more years of writing, singing and playing! My experiences since 1979 cover performances at small concert/university settings, benefits, civic music guilds, restaurants, weddings, church music teams, music ministries in prisons and hospitals, schools, youth groups and a few Christian jazz rock bands that toured locally in festivals and seasonal concerts. I also have many hours in the studio working with other groups, on radio and as a solo artist. I have some formal guitar and voice training, and have written over 60 songs. I love working in my in-home studio. I am happily married since 1985 and have 3 great kids, whom we homeschooled. I own 4 guitars. My favorite guitar is retired and is displayed on my wall with a few other antique instruments. It was given to me by a widow that we visited after her husband's death in 1980. We sang for her, and she wanted us(me)to have her husband's guitar of 20 years - an Ariana

Classic to play. After I used it for another 20 years, literally, I had to finally retire it as it started to buckle. There are lots of good memories with that guitar. My music style is a mixture of county, southern rock, light jazz, folk, gospel and a little pop and bluegrass. I love country music, ballads and patriotic, traditional and adult contemporary music. I wish to continue working on original songs and produce a Christmas CD, a Patriotic CD and a Children's Music CD, as well as a contemporary and traditional Christian worship CD. I love to sing for special events and work with other musicians. Once I wrote a song for the Seminole Indians about the preservation of their language, and they recorded it in their studio! Enjoy Life, Love God! People who are interested in Carly Simon Patsy Cline Karen Carpenter should consider this download.
