

Mp3 Sean Slaughter - ...and Justice For All

[DOWNLOAD HERE](#)

This is Sean's first album, released the year he got saved (don't try this at home.) A year earlier he was in the studio with Wu-tang producing beats, so you can hear that rawness in the music. Hard, somewhat dark, but very real. 12 MP3 Songs HIP HOP/RAP: Spiritual Rap, HIP HOP/RAP: Hip Hop Details: Fresh outta the pits of hell. I got saved February of 1999 and 6 months later drops this album. Very theraputic, although I wish I would have waited and had more time to grow spriritully...but it is what it is, and I'm proud of the end results.
