Easy Listening,soothing style of Contemporary Christian Music. 15 MP3 Songs GOSPEL: Contemporary Gospel, EASY LISTENING: Crooners/Vocals Details: I am a singer, composer keyboardist, originally from Shreveport, La, now residing in Branson, Mo. I have been singing since the age of 3, and playing the piano/keyboard since the age of 9, performing on stage, television and talent competitions. I also took vocal lessons from the age of 9 until in my 40's. This album entitled "Think Again" is composed of all my Original Songs, with me singing lead, backup and playing the keyboard. Most of the songs on this album were written in my early years of writing, but there are some newer ones that have been written a couple of years ago. For every song on the album, there is a unique story behind the writing of that particular song. One of the songs, "Jesus Give Me Peace", was written around 2:30 in a hospital room in Ft. Myers, FL, and I could go on to tell you the stories on the rest of them, but space does not permit it. As for how a song comes to me, it is strictly "God-given", and usually comes about when I'm going through a difficult time in my life. God has given me so many songs through those times when I have just "poured out my heart" to him, and I praise him for the talent he gave me to be able to express myself through my music. Each song truly has a message in the lyrics, and I pray they will inspire, and give those who listen to them the hope and courage to live a faithful, dedicated Christian life. Enjoy the CD and God Bless You.
