Featuring THE SAXMAN Jazz Guitarist QUE. It's a MUST HAVE, 9 MP3 Songs GOSPEL: Contemporary Gospel, JAZZ: Big Band Details: I was never one who believed that God could, would and should only speak through what we have come to term as "Gospel Music". As a preacher for over 20 years, I know that the Lord can (and DOES) speak to us through ALL forms: traditional gospel, inspirational, R&B, even rock and roll. This project, is a testimony to that belief. THE TRIBUTE Phase One is a collection of remakes and originals giving honor and tribute to: ALL Mothers, Yolanda Adams, The Late Rev. James Moore, Rance Allen, The Zion Harmonizers, The Dixie Hummingbirds, Stevie Wonder, and Eric Clapton. I've heard the Voice of God through the songs, styles and voices of each..... I pray that you will too, as we pay tribute to their gifts, while ultimately paying tribute to The Most High!!! Special Thanks to my producers Jacques SAXMAN Johnson Jacques (QUE) Johnson. TO GOD BE THE GLORY "THE MINISTER" John Butler
