

Mp3 Uversa - Jazz: World Fusion

[DOWNLOAD HERE](#)

Quasi-stellar jams from the outer limits of precision groove. 9 MP3 Songs JAZZ: World Fusion, ROCK: Psychedelic Details: UVERSA steps out of the mold and into your mind and melds diverse sounds and sonic extrapolations into a unique timelessness of musical bliss. UVERSA was created in 1999 by guitarist/composer TJ Edwards who wrote, recorded, and produced the intriguing debut album "UVERSA". The music presents a mystical blend of acoustic and electric music featuring guitar, keys, voice, percussion, electric bass, drum loops and saxophone that combines rock, jazz, funk, acoustic/world, and blues elements to create a vibrant and unique psychedelic experience. As the music world languishes in mediocrity and imitation in an effort to sell product, UVERSA boldly dares to create a sonic tapestry that is alive with color and imagination. Performing high-energy, arresting live concerts UVERSA leads the way in the movement away from complacent, bland music into a world of beauty, power and creative intelligence. Not for the corporate music user, UVERSA is real music for real people. UVERSA currently performs with TJ Edwards on guitar, Tom Sublett on bass, and Bruce Crisman on drums. TJ Edwards is one of Denver's finest young guitarists. Alex Lemski, Creative Music Works Edwards improvisational guitar musings dominate the sonic landscape...an unusual combination of Spanish/Gypsy acoustic guitar and raw, overdriven electric guitar...Uversa will appeal to the eclectic rock fan looking for something different. Dan McAvinchey, Guitar Nine Records TJ Edwards is a player with a penchant for improvisation...he seems as comfortable strumming a classical acoustic guitar as he is generating some crunchy electric noise. Chris Decker, Westword magazine Some garagebandreviews: You guys sound pretty good. ShannaS, LeBurn, KY This is some TRUELY dope sh!t...awesome groove...if I could get stoned from listening to
