Neurasthenic Nation investigates how the concept of neurasthenia, the ill effects of modern civilization such as insomnia or impotence, helped doctors and patients, men and women, and advertisers and consumers negotiate changes commonly associated with modernity. Combining a survey of medical and popular literature on neurasthenia with original research into rare archives of personal letters, patient records, and corporate files, David Schuster charts the emergence of a neurasthenic nationa place where people saw their personal health as inextricably tied to the pitfalls and possibilities of a changing world.Author: Schuster, Prof. David Publisher: Rutgers University Press Illustration: N Language: ENG Title: Neurasthenic Nation Pages: 00224 (Encrypted PDF) On Sale: 2011-08-22 SKU-13/ISBN: 9780813551319 Category: History : United States - General Category: Medical : History
