Traffic Pump System is the ONLY system that will teach you how to get huge amounts of traffic and inbound links to your website and in less time it takes to read this entire letter. What my secret method will do is help you learn how to pump traffic to your website on a consistent basis, while also developing inbound links, of which Google loves. When Google indexes your site, they will notice your inbound links and will bump your website up in the search results resulting in higher page ranks! Here is an actual breakdown of what to expect:

Step 1 - Simple Keyword Research for Targeted Traffic The first step in the traffic pumping system is to create a set of highly targeted keywords and phrases that apply to your product and niche. This step shows how this is done. In this section, you get to see exactly how to create this highly targeted list of keywords using free Google tools as well a few others that don't cost you a single penny! This is a very important step most online marketers tend to skip over quickly and suffer huge losses in profits. But you will learn how to avoid this mistake forcing you into profit from the start!

Step 2 - Formatting Keywords into Traffic Pumping Questions This is what no one really knows how to do. In this step you will see how to construct traffic pumping keyword combinations formatted into powerful questions designed specifically to siphon massive traffic fast! In fact, many online marketers don't realize the power of questions! Strategically designed questions that contain your top keywords or keyword phrases can be extremely effective when it comes to driving massive traffic to your websites in record time! But, most importantly, these questions are also designed to attract laser targeted traffic of potential buyers that are looking for the exact solution your product or service can provide the solution for!

Step 3 - Setting up Your Pump Funnel Gmail Account If you do not have a Gmail account, this step will show you how to do it. This may seem like a very trivial step in this system, but in fact, it's the most important! This is where your traffic hub starts as well as where you will be receiving your new lead information.

Step 4 - Setting Up Your Google Alerts Traffic Pump With this step you will learn how to get your traffic pump flowing. This step takes your new Gmail account to the next level. Many new-comers to online marketing don't realize how many free and VERY powerful tools that Google provides. Google Alerts are no exception. In this step you see how to setup your Google Alerts to pump laser targeted leads from the Google search index into your traffic funnel and ultimately to your web sites and/or services!

Step 5 - Getting Your Traffic Pump Flowing With this step, you will be shown how to maximize the return on your results so the work you did previous will give you top results. In other words, this step ties it all together forming a constant gushing pump of new fresh targeted leads into your online business in mere minutes!
