The strength of the pack is the wolf, and the strength of the wolf is the pack! Join Godiva Randall, the beautiful daughter of a powerful politician, as she puts her paratrooper unit's motto to the test. A delicate truce on Hoarfrost's icy moon is about to explode, and blood will be spilled. This is the moment Lupine Corps has trained for-combat against a nightmarish alien foe, light-years from home. But Godiva and her best friend, Dash Collingwood, are secretly in love. All mixed-gender combat units must take Celiba-C-a pill that suppresses sexuality-under threat of court-martial. Its performance record is amazing. The military swears by it. But it's a lonely war so far from home. What if they skipped a dose, just this once? One night for themselves. What's the worst that could happen?
